CONCISE EXPLANATION AND ANALYSIS OF THE PRODUCT AND ITS COMPLIANCE WITH APPLICABLE PROVISIONS OF THE ACT, INCLUDING CORE PRINCIPLES AND THE COMMISSION'S REGULATIONS THEREUNDER

Pursuant to Commission Rule 40.2(a)(3)(v), the following is a concise explanation and analysis of the product and its compliance with the Act, including the relevant Core Principles (discussed in Appendix D), and the Commission's regulations thereunder.

I. Introduction

The “When will Karl Bushby reach his home of Hull, England from his walk around the world?” Contract is a contract relating to Transportation.

Further information about the Contract, including an analysis of its risk mitigation and price basing utility, as well as additional considerations related to the Contract, is included in Confidential Appendices B, C, and D.

Pursuant to Section 5c(c) of the Act and CFTC Regulations 40.2(a), the Exchange hereby certifies that the listing of the Contract complies with the Act and Commission regulations under the Act.

General Contract Terms and Conditions: The Contract operates similar to other event contracts that the Exchange lists for trading. The minimum price fluctuation is \$0.01 (one cent). Price bands will apply so that Contracts may only be listed at values of at least \$0.01 and at most \$0.99. Further, the Contract is sized with a one-dollar notional value and has a minimum price fluctuation of \$0.01 to enable Members to match the size of the contracts purchased to their economic risks. As outlined in Rule 5.12 of the Rulebook, trading shall be available at all times outside of any maintenance windows, which will be announced in advance by the Exchange. Members will be charged fees in accordance with Rule 3.6 of the Rulebook. Fees, if they are charged, are charged in such amounts as may be revised from time to time to be reflected on the Exchange’s Website. A new Source Agency can be added via a Part 40 amendment. All instructions on how to access

the Underlying are non-binding and are provided for convenience only and are not part of the binding Terms and Conditions of the Contract. They may be clarified at any time. Furthermore, the Contract's payout structure is characterized by the payment of an absolute amount to the holder of one side of the option and no payment to the counterparty. During the time that trading on the Contract is open, Members are able to adjust their positions and trade freely. The Expiration Value and Market Outcome are determined at or after Market Close. The market is then settled by the Exchange, and the long position holders and short position holders are paid according to the Market Outcome. In this case, "long position holders" refers to Members who purchased the "Yes" side of the Contract and "short position holders" refers to Members who purchased the "No" side of the Contract. If the Market Outcome is "Yes," meaning that an event occurs that is encompassed within the Payout Criterion, then the long position holders are paid an absolute amount proportional to the size of their position and the short position holders receive no payment. If the Market Outcome is "No," then the short position holders are paid an absolute amount proportional to the size of their position and the long position holders receive no payment. Specification of the circumstances that would trigger a Market Outcome of "Yes" are included below in the section titled "Payout Criterion" in Appendix A.

ACT, 7 U.S.C. § 7A-2 AND COMMODITY FUTURES TRADING COMMISSION RULE

Rulebook: BUSHBY

BUSHBY

Scope: These rules shall apply to this contract.

Underlying: The Underlying for this Contract is Karl Bushby's arrival in Kingston upon Hull, United Kingdom as part of his Goliath Expedition circumnavigation walk. Revisions to the Underlying made after Expiration will not be accounted for in determining the Expiration Value.

Source Agency: The Source Agencies are Karl Bushby's official expedition website and social media accounts, Hull City Council, Humberside Police, BBC, ITV News, Hull Daily Mail, The Guardian, The Times, The Telegraph, Sky News, The New York Times, the Associated Press, Reuters, and CNN.

Type: The type of Contract is an Event Contract.

Issuance: After the initial Contract, Contract iterations will be listed on an as-needed basis at the discretion of the Exchange and corresponding to the risk management needs of Members.

<date>: <date> refers to a calendar date specified by the Exchange. The Exchange may list iterations of the Contract corresponding to variations of <date>.

<year>: <year> refers to a calendar year specified by the Exchange. The Exchange may list iterations of the Contract corresponding to variations of <year>.

Payout Criterion: The Payout Criterion for the Contract encompasses the Expiration Values that Karl Bushby has arrived within the official boundaries of the City of Hull, United Kingdom, on foot as part of his continuous Goliath Expedition world walk, after Issuance and on or before <date>.

For the purposes of this Contract:

- "Arrived within the official boundaries of the City of Hull" means Karl Bushby has physically walked across the city boundary into Hull as defined by Hull City Council's official administrative boundaries
- "On foot" means arriving by walking, not by vehicle, aircraft, or other motorized transport for the final boundary crossing
- "As part of his continuous Goliath Expedition" means this arrival must be part of his declared attempt to walk around the world, not a separate visit to Hull
- The arrival must be documented as his official completion or a milestone of the Goliath Expedition by Karl Bushby himself or his expedition team
- Temporary visits to Hull that are not part of the expedition route (such as flying home for emergencies) do not satisfy the Payout Criterion

Examples that would resolve the market to Yes:

- Karl Bushby walks across Hull city limits and declares this as the completion of his world walk
- Karl Bushby arrives in Hull on foot via his planned route through Europe
- Karl Bushby reaches Hull but plans to continue walking to a specific location within Hull as his final destination

Examples that would NOT resolve the market to Yes:

- Karl Bushby flies to Hull for a visit while his walk is ongoing elsewhere
- Karl Bushby arrives in the UK but not in Hull by the specified date
- Karl Bushby reaches Hull by train, bus, or car for the final segment
- Karl Bushby abandons the expedition before reaching Hull

Special provisions:

- If Karl Bushby publicly announces permanent abandonment of the Goliath Expedition before <date>, all contracts resolve to No
- If Karl Bushby completes the walk to any other location in the UK and declares that location as his official endpoint instead of Hull, the market resolves to No

Expiration time: The Expiration time of the Contract shall be 10:00 AM ET.

Settlement Value: The Settlement Value for this Contract is \$1.00.

Expiration Value: The Expiration Value is the value of the Underlying as documented by the Source Agency on the Expiration Date at the Expiration time.

Contingencies: Before Settlement, Kalshi may, at its sole discretion, initiate the Market Outcome Review Process pursuant to Rule 6.3(d) of the Rulebook. If an Expiration Value cannot be determined on the Expiration Date, Kalshi has the right to determine payouts pursuant to Rule 6.3(b) in the Rulebook.
