CONCISE EXPLANATION AND ANALYSIS OF THE PRODUCT AND ITS COMPLIANCE WITH APPLICABLE PROVISIONS OF THE ACT, INCLUDING CORE PRINCIPLES AND THE COMMISSION'S REGULATIONS THEREUNDER

Pursuant to Commission Rule 40.2(a)(3)(v), the following is a concise explanation and analysis of the product and its compliance with the Act, including the relevant Core Principles (discussed in Appendix D), and the Commission's regulations thereunder.

I. Introduction

The Will any <person> call for Trump's impeachment? Contract is a contract relating to Politics.

Further information about the Contract, including an analysis of its risk mitigation and price basing utility, as well as additional considerations related to the Contract, is included in Confidential Appendices B, C, and D.

Pursuant to Section 5c(c) of the Act and CFTC Regulations 40.2(a), the Exchange hereby certifies that the listing of the Contract complies with the Act and Commission regulations under the Act.

General Contract Terms and Conditions: The Contract operates similar to other event contracts that the Exchange lists for trading. The minimum price fluctuation is \$0.01 (one cent). Price bands will apply so that Contracts may only be listed at values of at least \$0.01 and at most \$0.99. Further, the Contract is sized with a one-dollar notional value and has a minimum price fluctuation of \$0.01 to enable Members to match the size of the contracts purchased to their economic risks. As outlined in Rule 5.12 of the Rulebook, trading shall be available at all times outside of any maintenance windows, which will be announced in advance by the Exchange. Members will be charged fees in accordance with Rule 3.6 of the Rulebook. Fees, if they are charged, are charged in such amounts as may be revised from time to time to be reflected on the Exchange's Website. A new Source Agency can be added via a Part 40 amendment. All instructions on how to access the Underlying are non-binding and are provided for convenience only and are not part of

the binding Terms and Conditions of the Contract. They may be clarified at any time. Furthermore, the Contract's payout structure is characterized by the payment of an absolute amount to the holder of one side of the option and no payment to the counterparty. During the time that trading on the Contract is open, Members are able to adjust their positions and trade freely. The Expiration Value and Market Outcome are determined at or after Market Close. The market is then settled by the Exchange, and the long position holders and short position holders are paid according to the Market Outcome. In this case, "long position holders" refers to Members who purchased the "Yes" side of the Contract and "short position holders" refers to Members who purchased the "No" side of the Contract. If the Market Outcome is "Yes," meaning that an event occurs that is encompassed within the Payout Criterion, then the long position holders are paid an absolute amount proportional to the size of their position and the short position holders receive no payment. If the Market Outcome is "No," then the short position holders are paid an absolute amount proportional to the size of their position and the long position holders receive no payment. Specification of the circumstances that would trigger a Market Outcome of "Yes" are included below in the section titled "Payout Criterion" in Appendix A.

**CERTIFICATIONS PURSUANT TO SECTION 5c OF THE COMMODITY EXCHANGE
ACT, 7 U.S.C. § 7A-2 AND COMMODITY FUTURES TRADING COMMISSION RULE
40.2, 17 C.F.R. § 40.2**

Based on the above analysis, the Exchange certifies that:

- ☐ The Contract complies with the Act and Commission regulations thereunder.
- ☐ This submission (other than those appendices for which confidential treatment has been requested) has been concurrently posted on the Exchange's website at <https://kalshi.com/regulatory/filings>.

Should you have any questions concerning the above, please contact the exchange at ProductFilings@kalshi.com.

APPENDIX A – CONTRACT TERMS AND CONDITIONS

**Official Product Name: Will any <person> call for Trump’s impeachment?
Rulebook: CALLIMPEACH**

CALLIMPEACH

Scope: These rules shall apply to this contract.

Underlying: The Underlying for this Contract is public calls for impeachment of the President of the United States. Revisions to the Underlying made after Expiration will not be accounted for in determining the Expiration Value.

Source Agency: The Source Agencies are <person>, <person>'s official verified social media accounts (Twitter/X, Instagram, Facebook, Truth Social, and Threads), the United States Senate, the United States House of Representatives, the Congressional Record, The New York Times, the Associated Press, Bloomberg News, Reuters, Axios, Politico, Semafor, The Information, The Washington Post, The Wall Street Journal, ABC, CBS, CNN, Fox News, MSNBC, and NBC.

Type: The type of Contract is an Event Contract.

Issuance: After the initial Contract, Contract iterations will be listed on an as-needed basis at the discretion of the Exchange and corresponding to the risk management needs of Members.

<person>: <person> refers to an individual, group of individuals, or entity specified by the Exchange. This may include named individuals, groups identified by specific characteristics (e.g., "any Republican member of Congress"), or a combination thereof. It may also take the form "none."

<date>: <date> refers to a calendar date specified by the Exchange. The Exchange may list iterations of the Contract corresponding to variations of <date>.

Payout Criterion: The Payout Criterion for the Contract encompasses the Expiration Values that <person> has called for impeachment of the President of the United States after Issuance and before <date>. Statements must be clear, unambiguous, and current. This includes any of the following:

- Introducing articles of impeachment (if applicable)
- Co-sponsoring articles of impeachment (if applicable)
- Voting for articles of impeachment (if applicable)
- Clear, unambiguous, and explicit statements supporting impeachment such as "<person> supports impeachment of the President" or "<person> believes the President should be impeached"
- Posts on official social media accounts, press releases, or legislative websites expressing that impeachment should proceed.

The call for impeachment is still encompassed by the Payout Criterion even if subsequently retracted.

The following do not qualify:

- Vague or implicit references that do not clearly advocate for impeachment, such as expressions of concern or dissatisfaction with presidential conduct that do not explicitly mention impeachment
- Statements criticizing the President's actions or policies
- Statements of process or neutrality, e.g., "Let's wait for the investigation" or "The House should explore impeachment" without a personal endorsement
- Statements contingent on future events, such as "If X happens, then I will support impeachment" or "We may need to consider impeachment if more evidence emerges"
- Statements made prior to Issuance
- "Likes" or "retweets" on social media of other individuals calling for impeachment without additional commentary.

Examples that would resolve the market to Yes:

- A recorded vote shows that <person> voted "Yes" on a motion to impeach the President
- "I believe President Trump has committed impeachable offenses and should be impeached," posted on <person>'s official X account
- A press release on <person>'s official Congressional website titled: "It's Time to Impeach the President"

Examples that would NOT resolve the market to Yes:

- <person> issues the following statement: "There are serious concerns about the President's conduct," without further clarification
- <person> posts on X: "If the investigations confirm wrongdoing, impeachment will be necessary"
- <person> voted "Yes" on a 2020 impeachment proceeding, and Contract was issued in 2025

Minimum Tick: The Minimum Tick size for the Contract shall be \$0.01.

Position Accountability Level: The Position Accountability Level for the Contract shall be \$25,000 per strike, per Member.

Last Trading Date: The Last Trading Date of the Contract will be the day prior to <date>. The Last Trading Time will be 11:59 PM ET.

Settlement Date: The Settlement Date of the Contract shall be no later than the day after the Expiration Date, unless the Market Outcome is under review pursuant to Rule 7.1.

Expiration Date: The latest Expiration Date of the Contract shall be one week after <date>. If an event described in the Payout Criterion occurs, expiration will be moved to an earlier date and time in accordance with Rule 7.2.

Expiration time: The Expiration time of the Contract shall be 10:00 AM ET.

Settlement Value: The Settlement Value for this Contract is \$1.00.

Expiration Value: The Expiration Value is the value of the Underlying as documented by the Source Agency on the Expiration Date at the Expiration time.

Contingencies: Before Settlement, Kalshi may, at its sole discretion, initiate the Market Outcome Review Process pursuant to Rule 6.3(d) of the Rulebook. If an Expiration Value cannot be determined on the Expiration Date, Kalshi has the right to determine payouts pursuant to Rule 6.3(b) in the Rulebook.
