Re: KalshiEX LLC – CFTC Regulation 40.2(a) Notification Regarding the Initial Listing of the “Will <central bank> take <action> at <meeting>?” Contract

Dear Sir or Madam,

Pursuant to Section 5c(c) of the Commodity Exchange Act and Section 40.2(a) of the regulations of the Commodity Futures Trading Commission, KalshiEX LLC (Kalshi), a registered DCM, hereby notifies the Commission that it is self-certifying the “Will <central bank> take <action> at <meeting>?” contract (Contract). The Contract will initially be listed after close-of-business on **July 1, 2025**; it is listed as the day after because of limitations of the Commission's online submission portal. The Exchange intends to list the contract on a **custom** basis. The Contract’s terms and conditions (Appendix A) includes the following strike conditions:

- **<date>**
- **<central bank>**
- **<action>**
- **<meeting>**

Along with this letter, Kalshi submits the following documents:

- A concise explanation and analysis of the Contract;
- Certification;
- Appendix A with the Contract’s Terms and Conditions;
- Confidential Appendices with further information; and
- A request for FOIA confidential treatment.

If you have any questions, please do not hesitate to contact me.

Sincerely,

Xavier Sottile  
Head of Markets  
KalshiEX LLC

KalshiEX LLC

Official Product Name: “Will <central bank> take <action> at <meeting>?”

Rulebook: CBDECISION

Summary: central bank take action

Kalshi Contract Category: Other Event

Kalshi Internal Category: World

July 1, 2025

**CONCISE EXPLANATION AND ANALYSIS OF THE PRODUCT AND ITS COMPLIANCE WITH APPLICABLE PROVISIONS OF THE ACT, INCLUDING CORE PRINCIPLES AND THE COMMISSION'S REGULATIONS THEREUNDER**

Pursuant to Commission Rule 40.2(a)(3)(v), the following is a concise explanation and analysis of the product and its compliance with the Act, including the relevant Core Principles (discussed in Appendix D), and the Commission's regulations thereunder.

**I. Introduction**

The “Will <central bank> take <action> at <meeting>?” Contract is a contract relating to World.

Further information about the Contract, including an analysis of its risk mitigation and price basing utility, as well as additional considerations related to the Contract, is included in Confidential Appendices B, C, and D.

Pursuant to Section 5c(c) of the Act and CFTC Regulations 40.2(a), the Exchange hereby certifies that the listing of the Contract complies with the Act and Commission regulations under the Act.

**General Contract Terms and Conditions:** The Contract operates similar to other event contracts that the Exchange lists for trading. The minimum price fluctuation is \$0.01 (one cent). Price bands will apply so that Contracts may only be listed at values of at least \$0.01 and at most \$0.99. Further, the Contract is sized with a one-dollar notional value and has a minimum price fluctuation of \$0.01 to enable Members to match the size of the contracts purchased to their economic risks. As outlined in Rule 5.12 of the Rulebook, trading shall be available at all times outside of any maintenance windows, which will be announced in advance by the Exchange. Members will be charged fees in accordance with Rule 3.6 of the Rulebook. Fees, if they are charged, are charged in such amounts as may be revised from time to time to be reflected on the Exchange’s Website. A new Source Agency can be added via a Part 40 amendment. All instructions on how to access the Underlying are non-binding and are provided for convenience only and are not part of

the binding Terms and Conditions of the Contract. They may be clarified at any time. Furthermore, the Contract's payout structure is characterized by the payment of an absolute amount to the holder of one side of the option and no payment to the counterparty. During the time that trading on the Contract is open, Members are able to adjust their positions and trade freely. The Expiration Value and Market Outcome are determined at or after Market Close. The market is then settled by the Exchange, and the long position holders and short position holders are paid according to the Market Outcome. In this case, "long position holders" refers to Members who purchased the "Yes" side of the Contract and "short position holders" refers to Members who purchased the "No" side of the Contract. If the Market Outcome is "Yes," meaning that an event occurs that is encompassed within the Payout Criterion, then the long position holders are paid an absolute amount proportional to the size of their position and the short position holders receive no payment. If the Market Outcome is "No," then the short position holders are paid an absolute amount proportional to the size of their position and the long position holders receive no payment. Specification of the circumstances that would trigger a Market Outcome of "Yes" are included below in the section titled "Payout Criterion" in Appendix A.

**CERTIFICATIONS PURSUANT TO SECTION 5c OF THE COMMODITY EXCHANGE  
ACT, 7 U.S.C. § 7A-2 AND COMMODITY FUTURES TRADING COMMISSION RULE  
40.2, 17 C.F.R. § 40.2**

Based on the above analysis, the Exchange certifies that:

- ☐ The Contract complies with the Act and Commission regulations thereunder.
- ☐ This submission (other than those appendices for which confidential treatment has been requested) has been concurrently posted on the Exchange's website at <https://kalshi.com/regulatory/filings>.

Should you have any questions concerning the above, please contact the exchange at [ProductFilings@kalshi.com](mailto:ProductFilings@kalshi.com).

**Attachments:**

Appendix A - Contract Terms and Conditions

Appendix B (Confidential) - Further Considerations

Appendix C (Confidential) - Source Agency

Appendix D (Confidential) - Compliance with Core Principles

**APPENDIX A – CONTRACT TERMS AND CONDITIONS**

**Official Product Name: “Will <central bank> take <action> at <meeting>?”**

**Rulebook: CBDECISION**

## CBDECISION

**Scope:** These rules shall apply to this contract.

**Underlying:** The Underlying for this Contract is official decisions by <central bank> to change or maintain the target federal funds rate, deposit facility rate, bank rate, cash rate or other primary interest rate (collectively "policy rate") after Issuance and before <date>. For central banks with multiple policy rates, only changes to the primary policy rate as designated by the central bank (or if not clear, by Kalshi) will be considered. Revisions to the Underlying made after Expiration will not be accounted for in determining the Expiration Value.

**Source Agency:** The Source Agencies are, in hierarchical order, <central bank>, Federal Reserve Economic Data (FRED), Bloomberg Terminal, Reuters, The Wall Street Journal, Financial Times, The New York Times, Associated Press, CNN, BBC, and MarketWatch, Bloomberg News, Reuters, Axios, Politico, Semafor, The Information, The Washington Post, The Wall Street Journal, ABC, CBS, CNN, Fox News, MSNBC, and NBC.

**Type:** The type of Contract is an Event Contract.

**Issuance:** The Contract is based on the outcome of a recurrent data release, which is issued on a custom ▾ basis. Thus, Contract iterations will be issued on a recurring basis, and future Contract iterations will generally correspond to the next <central bank> meeting.

**<central bank>:** <central bank> refers to the monetary policy authority specified by the Exchange, such as the Federal Reserve (Fed), European Central Bank (ECB), Bank of England (BoE), Bank of Japan (BoJ), or other major central banks. <central bank> may refer to multiple central banks, "None," or "Any."

**<action>:** <action> refers to an action chosen by <central bank>. This includes a raise in the target federal funds rate, deposit facility rate, or relevant international equivalent (a "hike" of a certain amount, for example), a fall in the rate (a "cut"), or no change to the rate. Changes to the upper or lower bound of a range are also encompassed if the relevant <central bank> uses a range.

**<meeting>:** <meeting> refers to a scheduled or emergency <central bank> monetary policy meeting specified by the Exchange. This includes regular scheduled meetings, emergency meetings, and any formal session where policy rate decisions are announced, if specified by the Exchange.

**Payout Criterion:** The Payout Criterion for the Contract encompasses the Expiration Values that <action> has been taken at <meeting>. If <central bank> cancels the target <meeting>, or if it is

delayed past the latest Expiration <date>, then a strike listed for “No change” will resolve to Yes, and all other markets will resolve to No. If <central bank> announces multiple rate changes simultaneously affecting different policy instruments, only the change to the primary policy rate will be considered for resolution. If an emergency rate change occurs between regularly scheduled meetings, it will not affect the resolution of contracts specifically tied to the next scheduled <meeting>.

**Minimum Tick:** The Minimum Tick size for the Contract shall be \$0.01.

**Position Accountability Level:** The Position Accountability Level for the Contract shall be \$25,000 per strike, per Member.

**Last Trading Date:** The Last Trading Date of the Contract will be the day prior to <date>. The Last Trading Time will be 11:59 PM ET.

**Settlement Date:** The Settlement Date of the Contract shall be no later than the day after the Expiration Date, unless the Market Outcome is under review pursuant to Rule 7.1.

**Expiration Date:** The latest Expiration Date of the Contract shall be one week after <date>. If an event described in the Payout Criterion occurs, expiration will be moved to an earlier date and time in accordance with Rule 7.2.

**Expiration Time:** The Expiration time of the Contract shall be 10:00 AM ET.

**Settlement Value:** The Settlement Value for this Contract is \$1.00.

**Expiration Value:** The Expiration Value is the value of the Underlying as documented by the Source Agency on the Expiration Date at the Expiration time.

**Contingencies:** Before Settlement, Kalshi may, at its sole discretion, initiate the Market Outcome Review Process pursuant to Rule 6.3(d) of the Rulebook. If an Expiration Value cannot be determined on the Expiration Date, Kalshi has the right to determine payouts pursuant to Rule 6.3(b) in the Rulebook.
