Re: KalshiEX LLC – CFTC Regulation 40.2(a) Notification Regarding the Initial Listing of the “Who will be the next <role> of <company/organization>?” Contract

Dear Sir or Madam,

Pursuant to Section 5c(c) of the Commodity Exchange Act and Section 40.2(a) of the regulations of the Commodity Futures Trading Commission, KalshiEX LLC (Kalshi), a registered DCM, hereby notifies the Commission that it is self-certifying the “Who will be the next <role> of <company/organization>?” contract (Contract). The Contract will initially be listed after close-of-business on **June 20th, 2025**; it is listed as the day after because of limitations of the Commission's online submission portal. The Exchange intends to list the contract on a **custom** basis. The Contract’s terms and conditions (Appendix A) includes the following strike conditions:

- **<date>**
- **<role>**
- **<company/organization>**
- **<position>**
- **<company>**
- **<person>**

Along with this letter, Kalshi submits the following documents:

- A concise explanation and analysis of the Contract;
- Certification;
- Appendix A with the Contract’s Terms and Conditions;
- Confidential Appendices with further information; and
- A request for FOIA confidential treatment.

If you have any questions, please do not hesitate to contact me.

Sincerely,

Xavier Sottile
Head of Markets
KalshiEX LLC

KalshiEX LLC

Official Product Name: “Who will be the next <role> of <company/organization>?”

Rulebook: NEWROLE

Summary: Next role of Company Organization determination

Kalshi Contract Category: Political Decision

Kalshi Internal Category: Companies

June 18, 2025

CONCISE EXPLANATION AND ANALYSIS OF THE PRODUCT AND ITS COMPLIANCE WITH APPLICABLE PROVISIONS OF THE ACT, INCLUDING CORE PRINCIPLES AND THE COMMISSION'S REGULATIONS THEREUNDER

Pursuant to Commission Rule 40.2(a)(3)(v), the following is a concise explanation and analysis of the product and its compliance with the Act, including the relevant Core Principles (discussed in Appendix D), and the Commission's regulations thereunder.

I. Introduction

The “Who will be the next <role> of <company/organization>?” Contract is a contract relating to Companies.

Further information about the Contract, including an analysis of its risk mitigation and price basing utility, as well as additional considerations related to the Contract, is included in Confidential Appendices B, C, and D.

Pursuant to Section 5c(c) of the Act and CFTC Regulations 40.2(a), the Exchange hereby certifies that the listing of the Contract complies with the Act and Commission regulations under the Act.

General Contract Terms and Conditions: The Contract operates similar to other event contracts that the Exchange lists for trading. The minimum price fluctuation is \$0.01 (one cent). Price bands will apply so that Contracts may only be listed at values of at least \$0.01 and at most \$0.99. Further, the Contract is sized with a one-dollar notional value and has a minimum price fluctuation of \$0.01 to enable Members to match the size of the contracts purchased to their economic risks. As outlined in Rule 5.12 of the Rulebook, trading shall be available at all times outside of any maintenance windows, which will be announced in advance by the Exchange. Members will be charged fees in accordance with Rule 3.6 of the Rulebook. Fees, if they are charged, are charged in such amounts as may be revised from time to time to be reflected on the Exchange’s Website. A new Source Agency can be added via a Part 40 amendment. All instructions on how to access the Underlying are non-binding and are provided for convenience only and are not part of

the binding Terms and Conditions of the Contract. They may be clarified at any time. Furthermore, the Contract's payout structure is characterized by the payment of an absolute amount to the holder of one side of the option and no payment to the counterparty. During the time that trading on the Contract is open, Members are able to adjust their positions and trade freely. The Expiration Value and Market Outcome are determined at or after Market Close. The market is then settled by the Exchange, and the long position holders and short position holders are paid according to the Market Outcome. In this case, "long position holders" refers to Members who purchased the "Yes" side of the Contract and "short position holders" refers to Members who purchased the "No" side of the Contract. If the Market Outcome is "Yes," meaning that an event occurs that is encompassed within the Payout Criterion, then the long position holders are paid an absolute amount proportional to the size of their position and the short position holders receive no payment. If the Market Outcome is "No," then the short position holders are paid an absolute amount proportional to the size of their position and the long position holders receive no payment. Specification of the circumstances that would trigger a Market Outcome of "Yes" are included below in the section titled "Payout Criterion" in Appendix A.

**CERTIFICATIONS PURSUANT TO SECTION 5c OF THE COMMODITY EXCHANGE
ACT, 7 U.S.C. § 7A-2 AND COMMODITY FUTURES TRADING COMMISSION RULE
40.2, 17 C.F.R. § 40.2**

Based on the above analysis, the Exchange certifies that:

- The Contract complies with the Act and Commission regulations thereunder.
- This submission (other than those appendices for which confidential treatment has been requested) has been concurrently posted on the Exchange's website at <https://kalshi.com/regulatory/filings>.

Should you have any questions concerning the above, please contact the exchange at ProductFilings@kalshi.com.

Appendix A - Contract Terms and Conditions

Appendix B (Confidential) - Further Considerations

Appendix C (Confidential) - Source Agency

Appendix D (Confidential) - Compliance with Core Principles

APPENDIX A – CONTRACT TERMS AND CONDITIONS

Official Product Name: “Who will be the next <role> of <company/organization>?”
Rulebook: NEWROLE

NEWROLE

Scope: These rules shall apply to this contract.

Underlying: The Underlying for this Contract is a new appointment to <role> at <company/organization> after Issuance and before <date>. Revisions to the Underlying made after Expiration will not be accounted for in determining the Expiration Value.

Source Agency: The Source Agencies are <company/organization>, The New York Times, the Associated Press, Bloomberg News, Reuters, Axios, Politico, Semafor, The Information, The Washington Post, The Wall Street Journal, The Athletic, ESPN, TechCrunch, Wired, ABC, CBS, CNN, Fox News, MSNBC, and NBC.

Type: The type of Contract is an Event Contract.

Issuance: After the initial Contract, Contract iterations will be listed on an as-needed basis at the discretion of the Exchange and corresponding to the risk management needs of Members.

<position>: <position> refers to a job title at <company> (e.g. Creative Director). The Exchange may list iterations of the Contract corresponding to variations of <position>. This may also take the form of "None".

<company/organization>: <company/organization> refers to one or more organizations or corporations specified by the Exchange. This includes the parent company and any subsidiaries of <company>. Name changes, rebranding, or corporate restructuring of <company> during the Contract period will not affect resolution - the entity will be tracked through such changes. Joint ventures where <company> maintains at least 50% ownership or operational control are included. The Exchange may list iterations with values like "Any Fortune 500 company," "Any major tech company," "Any pro basketball team," or specific company/organization names.

<date>: <date> refers to a calendar date specified by the Exchange. The Exchange may list iterations of the Contract corresponding to variations of <date>.

Payout Criterion: The Payout Criterion for the Contract encompasses the Expiration Values that <person> has been officially appointed, elected, named, designated, or succeeded to the position of <role> at <company/organization> after Issuance and before <date>.

An official appointment is defined as any of the following:

- Formal announcement by the organization's board of directors, governing body, or authorized decision-making entity

- Official press release issued by the organization
- SEC filing or other required regulatory disclosure (if applicable)
- Official statement published on the organization's website or official communication channels
- Formal election or vote by shareholders, board members, or other authorized voting body
- Legal succession as defined by the organization's bylaws, succession plan, or governance documents

The following constitute valid announcements that trigger the Payout Criterion:

- Permanent appointment to the role
- Appointment pending regulatory or shareholder approval, once officially announced
- Succession due to promotion, election, or selection process
- Appointment effective at a future date, once officially announced

The following do NOT constitute valid announcements:

- Speculation, rumors, or unofficial reports without formal announcement
- Consideration as a candidate without official appointment
- Consulting, advisory, or temporary roles without formal title transfer
- Interim or acting appointments
- Appointments contingent on conditions not yet met (except regulatory/shareholder approval, which would be encompassed by the Payout Criterion)
- Appointments to different roles or positions not specified as <role>

For clarity:

- If <person> is appointed as <role> but subsequently resigns, is terminated, or dies before <date>, the market will still resolve to "Yes" based on the initial valid appointment.
- Announcement is sufficient to resolve the market. The person need not begin their position for the Payout Criterion to be encompassed.
- If <company/organization> ceases to exist, is dissolved, or the <role> is eliminated before <date>, the market will resolve to "No" for all candidates
- If multiple persons are simultaneously the first to be appointed to <role>, and multiple of those persons have markets listed, then the market will resolve based on \$1/the number of persons with markets listed, rounded down.

Examples that would resolve the market to Yes:

- <Company/organization> issues an official press release stating "<person> has been appointed as <role> effective [date]"
- The board of directors votes to elect <person> as <role> and announces the decision publicly

- <Person> succeeds to <role> following the resignation of the previous incumbent, with official confirmation

Examples that would NOT resolve the market to Yes:

- News reports speculate that <person> is being considered for <role> without official confirmation
- <person> is appointed to a different <role> (e.g., COO instead of CEO)
- <person> declines <role>

Minimum Tick: The Minimum Tick size for the Contract shall be \$0.01.

Position Accountability Level: The Position Accountability Level for the Contract shall be \$25,000 per strike, per Member.

Last Trading Date: The Last Trading Date of the Contract will be the day prior to <date>. The Last Trading Time will be 11:59 PM ET.

Settlement Date: The Settlement Date of the Contract shall be no later than the day after the Expiration Date, unless the Market Outcome is under review pursuant to Rule 7.1.

Expiration Date: The latest Expiration Date of the Contract shall be one week after <date>. If an event described in the Payout Criterion occurs, expiration will be moved to an earlier date and time in accordance with Rule 7.2.

Expiration time: The Expiration time of the Contract shall be 10:00 AM ET.

Settlement Value: The Settlement Value for this Contract is \$1.00.

Expiration Value: The Expiration Value is the value of the Underlying as documented by the Source Agency on the Expiration Date at the Expiration time.

Contingencies: Before Settlement, Kalshi may, at its sole discretion, initiate the Market Outcome Review Process pursuant to Rule 6.3(d) of the Rulebook. If an Expiration Value cannot be determined on the Expiration Date, Kalshi has the right to determine payouts pursuant to Rule 6.3(b) in the Rulebook.
