Re: KalshiEX LLC – CFTC Regulation 40.2(a) Notification Regarding the Initial Listing of the “Will <media/artist> be <rank> on the <platform> <chart> on <date>?” Contract

Dear Sir or Madam,

Pursuant to Section 5c(c) of the Commodity Exchange Act and Section 40.2(a) of the regulations of the Commodity Futures Trading Commission, KalshiEX LLC (Kalshi), a registered DCM, hereby notifies the Commission that it is self-certifying the “Will <media/artist> be <rank> on the <platform> <chart> on <date>?” contract (Contract). The Contract will initially be listed after close-of-business on **July 18, 2025**; it is listed as the day after because of limitations of the Commission's online submission portal. The Exchange intends to list the contract on a **custom** basis. The Contract’s terms and conditions (Appendix A) includes the following strike conditions:

- <date>
- <media/artist>
- <rank>
- <platform>
- <chart>
- <streaming platform>
- <media>
- <artist>

Along with this letter, Kalshi submits the following documents:

- A concise explanation and analysis of the Contract;
- Certification;
- Appendix A with the Contract’s Terms and Conditions;
- Confidential Appendices with further information; and
- A request for FOIA confidential treatment.

If you have any questions, please do not hesitate to contact me.

Sincerely,

Xavier Sottile

CONCISE EXPLANATION AND ANALYSIS OF THE PRODUCT AND ITS COMPLIANCE WITH APPLICABLE PROVISIONS OF THE ACT, INCLUDING CORE PRINCIPLES AND THE COMMISSION'S REGULATIONS THEREUNDER

Pursuant to Commission Rule 40.2(a)(3)(v), the following is a concise explanation and analysis of the product and its compliance with the Act, including the relevant Core Principles (discussed in Appendix D), and the Commission's regulations thereunder.

I. Introduction

The “Will <media/artist> be <rank> on the <platform> <chart> on <date>?” Contract is a contract relating to Entertainment.

Further information about the Contract, including an analysis of its risk mitigation and price basing utility, as well as additional considerations related to the Contract, is included in Confidential Appendices B, C, and D.

Pursuant to Section 5c(c) of the Act and CFTC Regulations 40.2(a), the Exchange hereby certifies that the listing of the Contract complies with the Act and Commission regulations under the Act.

General Contract Terms and Conditions: The Contract operates similar to other event contracts that the Exchange lists for trading. The minimum price fluctuation is \$0.01 (one cent). Price bands will apply so that Contracts may only be listed at values of at least \$0.01 and at most \$0.99. Further, the Contract is sized with a one-dollar notional value and has a minimum price fluctuation of \$0.01 to enable Members to match the size of the contracts purchased to their economic risks. As outlined in Rule 5.12 of the Rulebook, trading shall be available at all times outside of any maintenance windows, which will be announced in advance by the Exchange. Members will be charged fees in accordance with Rule 3.6 of the Rulebook. Fees, if they are charged, are charged in such amounts as may be revised from time to time to be reflected on the Exchange’s Website. A new Source Agency can be added via a Part 40 amendment. All instructions on how to access the Underlying are non-binding and are provided for convenience only and are not part of

the binding Terms and Conditions of the Contract. They may be clarified at any time. Furthermore, the Contract's payout structure is characterized by the payment of an absolute amount to the holder of one side of the option and no payment to the counterparty. During the time that trading on the Contract is open, Members are able to adjust their positions and trade freely. The Expiration Value and Market Outcome are determined at or after Market Close. The market is then settled by the Exchange, and the long position holders and short position holders are paid according to the Market Outcome. In this case, "long position holders" refers to Members who purchased the "Yes" side of the Contract and "short position holders" refers to Members who purchased the "No" side of the Contract. If the Market Outcome is "Yes," meaning that an event occurs that is encompassed within the Payout Criterion, then the long position holders are paid an absolute amount proportional to the size of their position and the short position holders receive no payment. If the Market Outcome is "No," then the short position holders are paid an absolute amount proportional to the size of their position and the long position holders receive no payment. Specification of the circumstances that would trigger a Market Outcome of "Yes" are included below in the section titled "Payout Criterion" in Appendix A.

**CERTIFICATIONS PURSUANT TO SECTION 5c OF THE COMMODITY EXCHANGE
ACT, 7 U.S.C. § 7A-2 AND COMMODITY FUTURES TRADING COMMISSION RULE
40.2, 17 C.F.R. § 40.2**

Based on the above analysis, the Exchange certifies that:

- ☐ The Contract complies with the Act and Commission regulations thereunder.
- ☐ This submission (other than those appendices for which confidential treatment has been requested) has been concurrently posted on the Exchange's website at <https://kalshi.com/regulatory/filings>.

Should you have any questions concerning the above, please contact the exchange at ProductFilings@kalshi.com.

**Official Product Name: “Will <media/artist> be <rank> on the <platform> <chart> on
<date>?”**

Rulebook: STREAMRANK

STREAMRANK

Scope: These rules shall apply to this contract.

Underlying: The Underlying for this Contract is ranking of <media/artist> on the specified <chart> published by <platform>, as of <date>. Revisions to the Underlying made after Expiration will not be accounted for in determining the Expiration Value.

Source Agency: The Source Agencies are <streaming platform>.

Type: The type of Contract is an Event Contract.

Issuance: After the initial Contract, Contract iterations will be listed on an as-needed basis at the discretion of the Exchange and corresponding to the risk management needs of Members.

<media/artist>: <media/artist> refers either to a specific piece or category of digital content, such as a song, video, film, episode, podcast, album, series, or other unit of consumable media (<media>), or the person(s)/entity to which the content's creation is attributed (<artist>) specified by the Exchange. <media/artist> may also take the value of multiple items or individuals/entities, "any" or "none".

<platform>: <platform> refers to a specific media distribution or content hosting service such as a streaming service, social media platform, website, app, or other channel through which the relevant media is able to be consumed, as specified by the Exchange. <platform> may also take the value of multiple services, "any" or "none" at the discretion of the Exchange.

<chart>: <chart> refers to a ranking published by a platform or organization, such as Spotify, Billboard, Amazon, App Store, or others specified by the Exchange. It may refer to a specific chart (e.g., "Spotify Global Top 50"), a class of charts (e.g., "any national Spotify chart"), or a timeline of chart release (e.g., "week ending 27th June").

<rank>: <rank> refers to a specific position (e.g., #1, #5, #10) or range (e.g., Top 5, Top 10) specified by the Exchange.

<date>: <date> refers to a calendar date specified by the Exchange. The Exchange may list iterations of the Contract corresponding to variations of <date>.

Payout Criterion: The Payout Criterion for the Contract encompasses the Expiration Values that <media/artist> appears in <rank> on the specified <chart> published by <platform> on <date>. If multiple versions, remixes, or aliases of the same content exist (e.g., original song vs. remix,

or solo artist vs. group credit), only the exact version specified by the Exchange will be used to determine resolution.

Additionally:

- If the <chart> is daily, the data for <date> is used
- If the <chart> is weekly, the <chart> labeled for the week including or ending on <date> is used, with the convention specified by the Exchange.
- If there is a tie for <rank>, all <media/artist>s that appear as <rank> will resolve to Yes with values of (\$1/the number of <media/artist> at <rank>) rounded down, and No values of (\$1 - Yes values). Tie-breaking methodology used to decide <rank> in <chart> by <platform> will be used for resolution.
- If a tie results in a ranking being skipped (e.g. two <media/artist>s tie for the #1 position, and the next rank listed is for #3), then a market on a given candidate being #2 will resolve to No.

If no data is available by the Expiration Date, all non-”none” strikes will resolve to No.

Minimum Tick: The Minimum Tick size for the Contract shall be \$0.01.

Position Accountability Level: The Position Accountability Level for the Contract shall be \$25,000 per strike, per Member.

Last Trading Date: The Last Trading Date of the Contract will be <date>. The Last Trading Time will be 11:59 PM ET.

Settlement Date: The Settlement Date of the Contract shall be no later than the day after the Expiration Date, unless the Market Outcome is under review pursuant to Rule 7.1.

Expiration Date: The latest Expiration Date of the Contract shall be one week after <date>. If an event described in the Payout Criterion occurs, expiration will be moved to an earlier date and time in accordance with Rule 7.2.

Expiration time: The Expiration time of the Contract shall be 10:00 AM ET.

Settlement Value: The Settlement Value for this Contract is \$1.00.

Expiration Value: The Expiration Value is the value of the Underlying as documented by the Source Agency on the Expiration Date at the Expiration time.

Contingencies: Before Settlement, Kalshi may, at its sole discretion, initiate the Market Outcome Review Process pursuant to Rule 6.3(d) of the Rulebook. If an Expiration Value cannot be determined on the Expiration Date, Kalshi has the right to determine payouts pursuant to Rule 6.3(b) in the Rulebook.
