Re: KalshiEX LLC – CFTC Regulation 40.2(a) Notification Regarding the Initial Listing of the “Will <achievement> be held by <participant>?” Contract

Dear Sir or Madam,

Pursuant to Section 5c(c) of the Commodity Exchange Act and Section 40.2(a) of the regulations of the Commodity Futures Trading Commission, KalshiEX LLC (Kalshi), a registered DCM, hereby notifies the Commission that it is self-certifying the “Will <achievement> be held by <participant>?” contract (Contract). The Contract will initially be listed on **January 30, 2025**. The Exchange intends to list the contract on a **custom ▾** basis. The Contract’s terms and conditions (Appendix A) includes the following strike conditions:

- <achievement>
- <participant>

Along with this letter, Kalshi submits the following documents:

- A concise explanation and analysis of the Contract;
- Certification;
- Appendix A with the Contract’s Terms and Conditions;
- Confidential Appendices with further information; and
- A request for FOIA confidential treatment.

If you have any questions, please do not hesitate to contact me.

Sincerely,

Xavier Sottile
Head of Markets

Official Product Name: “Will <achievement> be held by <participant>?”

Rulebook: ACHIEVEMENTS

Kalshi Contract Category: Sports ▾

January 29, 2025

CONCISE EXPLANATION AND ANALYSIS OF THE PRODUCT AND ITS COMPLIANCE WITH APPLICABLE PROVISIONS OF THE ACT, INCLUDING CORE PRINCIPLES AND THE COMMISSION'S REGULATIONS THEREUNDER

Pursuant to Commission Rule 40.2(a)(3)(v), the following is a concise explanation and analysis of the product and its compliance with the Act, including the relevant Core Principles (discussed in Appendix E), and the Commission's regulations thereunder.

I. Introduction

The “Will <achievement> be held by <participant>?” Contract is a contract relating to American sports leagues.¹

Further information about the Contract, including an analysis of its risk mitigation and price basing utility, as well as additional considerations related to the Contract, is included in Confidential Appendices C, D, and E.

Pursuant to Section 5c(c) of the Act and CFTC Regulations 40.2(a), the Exchange hereby certifies that the listing of the Contract complies with the Act and Commission regulations under the Act.

General Contract Terms and Conditions: The Contract operates similar to other event contracts that the Exchange lists for trading. The minimum price fluctuation is \$0.01 (one cent). Price bands will apply so that Contracts may only be listed at values of at least \$0.01 and at most \$0.99. Further, the Contract is sized with a one-dollar notional value and has a minimum price fluctuation of \$0.01 to enable Members to match the size of the contracts purchased to their economic risks. As outlined in Rule 5.12 of the Rulebook, trading shall be available at all times outside of any maintenance windows, which will be announced in advance by the Exchange. Members will be charged fees in accordance with Rule 3.6 of the Rulebook. Fees, if they are charged, are charged in such amounts as may be revised from time to time to be reflected on the Exchange's Website. A new Source Agency can be added via a Part 40 amendment. All instructions on how to access the Underlying are non-binding and are provided for convenience only and are not part of

¹ The Contract has not been endorsed by any league or association as of self-certification. The use of any names of leagues or associations does not indicate an endorsement of this product.

the binding Terms and Conditions of the Contract. They may be clarified at any time. Furthermore, the Contract's payout structure is characterized by the payment of an absolute amount to the holder of one side of the option and no payment to the counterparty. During the time that trading on the Contract is open, Members are able to adjust their positions and trade freely. The Expiration Value and Market Outcome are determined at or after Market Close. The market is then settled by the Exchange, and the long position holders and short position holders are paid according to the Market Outcome. In this case, "long position holders" refers to Members who purchased the "Yes" side of the Contract and "short position holders" refers to Members who purchased the "No" side of the Contract. Specification of the circumstances that would trigger a Market Outcome of "Yes" are included below in the section titled "Payout Criterion" in Appendix A.

**CERTIFICATIONS PURSUANT TO SECTION 5c OF THE COMMODITY EXCHANGE
ACT, 7 U.S.C. § 7A-2 AND COMMODITY FUTURES TRADING COMMISSION RULE
40.2, 17 C.F.R. § 40.2**

Based on the above analysis, the Exchange certifies that:

- ☐ The Contract complies with the Act and Commission regulations thereunder.
- ☐ This submission (other than those appendices for which confidential treatment has been requested) has been concurrently posted on the Exchange's website at <https://kalshi.com/regulatory/filings>.

Should you have any questions concerning the above, please contact the exchange at ProductFilings@kalshi.com.

Appendix A - Contract Terms and Conditions

Appendix B - Trading Prohibitions

Confidential Appendices

APPENDIX A – CONTRACT TERMS AND CONDITIONS

Official Product Name: “Will <achievement> be held by <participant>?”

Rulebook: ACHIEVEMENTS

ACHIEVEMENTS

Scope: These rules shall apply to this contract.

Underlying: The Underlying for this Contract is the official result of <achievement>. Revisions to the Underlying made after Expiration will not be accounted for in determining the Expiration Value.

Source Agency: The Source Agencies are the Associated Press, ESPN, The Wall Street Journal, and Fox Sports.

Type: The type of Contract is an Event Contract.

Issuance: The Contract is based on the outcome of a recurrent event. Thus, Contract iterations will be issued on a recurring basis, and future Contract iterations will generally correspond to the next time frame (e.g. year) that will have an official result of <achievement>.

<participant>: <participant> refers to a group, an entity, individuals, or individual participating in a sport.

<achievement>: <achievement> refers to a given sports achievement, and will include a specified year and/or other distinguishing information, e.g., “The 2025 winner of the French Open Men’s Singles Championship”.

Payout Criterion: The Payout Criterion for the Contract encompasses the Expiration Values that it is reported that the first official final result of <achievement> event is <participant>.

- If the final event necessary for determining the result of <achievement> is postponed past its scheduled date (e.g. because of severe weather or other emergencies), then the market will remain open and will resolve after the sooner of (1) the results of <achievement> being reported or (2) two years following the originally scheduled date of the final event necessary for determining for the result of <achievement>.
- If the final event necessary for determining the result of <achievement> is suspended during, then the market will remain open and will resolve after the sooner of (1) the result of <achievement> being reported or (2) two years following the originally scheduled date of the final event necessary for determining the result of <achievement>.
- If the final event necessary for determining the result of <achievement> is moved to be earlier than its originally scheduled date, then the market will remain open and will resolve after the result is reported.

- If the final event necessary for determining the result of <achievement> is cancelled outright (or the <achievement> is canceled or will not have an official result, or will have an official result of nothing or no one) before the final event necessary for determining the result of <achievement> is concluded, then the markets for eligible participants (not disqualified or eliminated) will resolve so “Yes” holders receive \$1/[the number of eligible participants (not disqualified or eliminated) remaining for which there is a strike listed] rounded down to the nearest cent and “No” holders receive \$1 minus the Yes payout.
- If multiple participants are reported as the result of <achievement>, then the markets for those participants will resolve so “Yes” holders receive \$1/[the number of participants declared as the result of <achievement>] rounded down to the nearest cent and “No” holders receive \$1 minus the Yes payout. For example, if two participants are the reported result of <achievement>, both “Yes” and “No” holders for each of those participants shall receive \$0.50 per share.
- If <participant> forfeits, withdraws from consideration, or takes any other official action directly to be removed from being able to achieve <achievement>, such as withdrawing from the events that will determine the result of <achievement>,, the market will resolve to “No” for <participant>.
- If the official result of <achievement> is reported even though the event or events necessary for determining the result of <achievement> were truncated or ended early, the market will resolve based on that reported result.
- If <participant> is disqualified from consideration for <achievement> before the Contract expires – even if the final event necessary to determine the result for <achievement> has concluded– the market for <participant> will resolve to “No”. If this causes another participant to be reported as the official result of <achievement>, the contract will resolve on the basis of which participant is reported as the official result of <achievement>.
- Note that any revisions after Expiration will not be considered. Therefore if <participant> or any other participant is disqualified, removed, or the official result of <achievement> is reversed or changed in any way after the Contract expires, that will not impact the market’s resolution.
- If <participant> was eliminated from contention for being the result of <achievement>, including by being eliminated from the event or events that are necessary to determine the official result of <achievement>, then the market will resolve “No”. A <participant> is eliminated from contention when it is reported so by the Source Agency.
- If <participant> is eliminated from contention for being the result of <achievement>, including by being eliminated from the event or events that are necessary to determine the official result of <achievement>, and the market for <participant> resolved to No, but then <participant> is re-entered into contention (for example, because a team that was

originally in contention was disqualified), then a new market with the same <participant> may be created. The original market will remain resolved to No.

Minimum Tick: The Minimum Tick size for the Contract shall be \$0.01.

Position Accountability Level: The Position Accountability Level for the Contract shall be \$25,000 per strike, per Member.

Last Trading Date: The Last Trading Date of the Contract will be the same as the Expiration Date. The Last Trading Time will be the same as the Expiration time.

Settlement Date: The Settlement Date of the Contract shall be no later than the day after the Expiration Date, unless the Market Outcome is under review pursuant to Rule 7.1.

Expiration Date: The latest Expiration Date of the Contract shall be the day after the day the achievement event has an official final result. If an event described in the Payout Criterion occurs, expiration will be moved to an earlier date and time in accordance with Rule 7.2.

Expiration time: The Expiration time of the Contract shall be 10:00 AM ET.

Settlement Value: The Settlement Value for this Contract is \$1.00, unless otherwise specified in accordance with the Contract's terms and conditions.

Expiration Value: The Expiration Value is the value of the Underlying as documented by the Source Agency on the Expiration Date at the Expiration time.

Contingencies: Before Settlement, Kalshi may, at its sole discretion, initiate the Market Outcome Review Process pursuant to Rule 6.3(d) of the Rulebook. If an Expiration Value cannot be determined on the Expiration Date, Kalshi has the right to determine payouts pursuant to Rule 6.3(b) in the Rulebook.

APPENDIX B – TRADING PROHIBITIONS

In addition to the general prohibition against trading on material nonpublic information, the Exchange will institute additional prohibitions for trading the contract. Persons under 18 years of age are not permitted to create Kalshi accounts. The following individuals will be prohibited from trading:

- Current and former players, coaches, and staff of the league, association, or organization(s) governing <event>.
 - For college leagues/associations specifically, or where otherwise appropriate (as identified by the Exchange), this applies to current and former players/coaches/staff of the specific teams in <event> rather than the league/association as a whole (e.g., if the Division I Gonzaga Men’s Basketball Team is playing in <event>, this prohibition will restrict trades by current/former players of that team, rather than all current/former players/coaches/staff in any NCAA sport);
- Paid employees of the league and league participants;
- Ultimate beneficial owners of teams and the league; and
- household members and immediate family of all above.

These prohibitions apply to the appropriate values of <event>. For example, former players of the National Football League are not necessarily prohibited from trading on iterations of the Contract related to the National Basketball Association, unless they are part of any other group listed for that league.²

² The Contract has not been endorsed by any league or association as of self-certification. The use of any names of leagues or associations does not indicate an endorsement of this product.
